4. OUR LAWFUL BASIS FOR USING THIS DATA

We only collect and use personal information about you when the law allows us to. Most commonly, we use it where we need to:

- Fulfil a contract we have entered into with you;
- Comply with a legal obligation;
- Carry out a task in the public interest.

Less commonly, we may also use personal information about you where:

- You have given us consent to use it in a certain way;
- We need to protect your vital interests (or someone else's interests);
- We have legitimate interests in processing the data.

To process special category data we need an additional lawful basis. We will process special category data most commonly where:

- We have your explicit consent;
- The processing is necessary under social security or social protection law;
- We are processing it in the vital interests of an individual;
- We are providing health care or treatment under the responsibility of a health professional.

Where you have provided us with consent to use your data, you may withdraw this consent at any time. We will make this clear when requesting your consent, and explain how you go about withdrawing consent if you wish to do so.

Some of the reasons listed above for collecting and using personal information about you overlap, and there may be several grounds which justify the Schools' use of your data.

Where we are processing data on a legal or contractual basis, if you choose not to share this data with us we may not be able to carry out our obligations under our contract with you, or employ you as a member of staff.

5. COLLECTING THIS INFORMATION

While the majority of information we collect from you is mandatory, there is some information that you can choose whether or not to provide to us.

Whenever we seek to collect information from you, we make it clear whether you must provide this information (and if so, what the possible consequences are of not complying), or whether you have a choice.

In some cases, personal data may be supplied by third parties, for example, another school or other professionals or authorities working with that individual.

6. HOW WE STORE THIS DATA

We create and maintain paper and/or electronic files relating to suppliers. The information contained in this file is kept secure and is only used for purposes directly relevant to your relationship with the Schools. Access to it is limited to relevant members of the Schools' staff only.

Once your relationship with us has ended, we will retain this file and delete the information in it in accordance with our Retention of Records Policy, a copy of which is available by contacting the Data Protection Coordinator.

Access to sensitive data

Particularly strict rules of access apply in the context of "special category", in particular:

a. Medical data

The Schools need to process this information to comply with statutory duties and to keep you and others safe, but the Schools will ensure only authorised staff can access information on a need-to-know basis. This may include wider dissemination if needed for catering purposes (for example). Express consent will be sought where appropriate.

b. Safeguarding data

Suppliers are reminded that the Schools are under duties imposed by law and statutory guidance (including Keeping Children Safe in Education (KCSIE)) to record or report incidents and concerns that arise or are reported to it, in some cases regardless of whether they are proven, if they meet a certain threshold of seriousness in their nature or regularity. This is likely to include notes in safeguarding and personnel records, whether on paper or kept electronically (including use of the CPOMS software), and in some cases referrals to relevant authorities, such as the LADO or police.

For further information, please see the Schools' Child Protection and Safeguarding Policy.

Data security

The Schools will endeavour to ensure that all personal data held in relation to an individual is as up to date and accurate as possible. Individuals must notify the Schools of any significant changes to important personal information, such as contact details, held about them.

The Schools will take appropriate technical and organisational steps to ensure the security of personal data about individuals, including policies relating to the use of technology and devices and access to school systems. All staff and governors will be made aware of these policies and their duties under data protection law and receive relevant training.

7. DATA SHARING
